RE: Native Environmental, LLC

To Whom It May Concern:

Native Environmental, LLC has established a bonding line of credit with Lexon Insurance Company. Lexon Insurance Company is an 'A' rated company by *A.M. Best* and is a federally approved surety by the United States Department of the Treasury.

The bonding line of credit for Native Environmental, LLC has been established at \$1,500,000 single project limit, \$3,000,000 aggregate program which has been set to meet the day to day needs of this company. This line of credit should not be considered a maximum amount of surety credit available, but rather a working line of credit to meet the anticipated needs of the company's daily operations. Requests for surety credit above this line of credit are welcomed and reviewed on a case by case basis. As always, any future request for surety credit is based on the current underwriting information available at the time.

We are pleased to give our highest recommendation to this firm and appreciate any courtesy you may extend this valued client.

Best regards,

Jeri Lynn Thompson
